270-827-5577 | WWW.ABBAPROMOTIONS.COM | We ship nationwide!

We provide clients with marketing tools that fit specific objectives.

We think you shouldn't buy promotional products or design without a plan.

In fact, we don't believe you should buy **ANY** type of advertising without knowing the result that you expect to receive. We DO believe in the power of well-planned, well-executed promotions that have specific objectives.

When effectively designed, a promotion can provide more "bang for your buck" than any other type of advertising. Lucky for us, many marketing firms don't understand the difference between a give-away and a promotion... or how to design a successful promotion.

ABBA PROMOTIONS provides marketing products and services to clients throughout the country. We've worked with over 62 political campaigns and many non-profits. Clients have ranged from small businesses to Fortune 500 companies such as Tyson Foods, Bristol Myers, and ClearChannel Radio.

You can buy t-shirts and coffee mugs from almost anyone... but it takes a skilled marketing professional to help you plan a promotion designed to meet your specific marketing objectives within your budget and time-frame.

If you are a regular client of Abba Promotions, then you already know the value of having a close relationship with a marketing professional.

If you're not... **we can't wait to show you.**

WRAP!**

WHAT'S A "WRAP"?

A vinyl wrap is an adhesive, "second skin" applied to your vehicle. It's a great way to renew or customize the look of your vehicle without painting it. It's an incredible way to display an eye-catching advertising message that would be many times more expensive if applied with paint.

WHY GET A WRAP?

Great advertising is one of many reasons a car wrap makes sense. A vinyl wrap also protects the paint, which helps maintain resale value.

HOW WELL CAN IT ADVERTISE MY BUSINESS?

According to the Outdoor Advertising Association, vehicle wraps can produce 30,000 to 70,000 impressions a day, making it an effective branding and marketing tool. A vinyl wrap is a moving billboard that grabs attention. As you drive to meetings, sit at traffic lights, and park in front of your home and work place.

HOW DO WRAPS COMPARE TO OTHER ADVERTISING?

In short, pretty darn well. On average, wrap advertising costs as little as **four cents per thousand impressions**. This is significantly lower than other forms of advertising. For instance, it's estimated that outdoor signs cost \$3.56 and newspaper ads cost \$19.70 per thousand impressions.

THE STATS:

- » **98%** of in-car audiences indicated they noticed wraps.
- » Individual vehicle advertising generates between **30,000 to 70,000** daily vehicle impressions.
- » 30% of mobile outdoor viewers base buying decisions on ads they see.
- » 96% of Americans travel in a vehicle each as either a driver or a passenger in the past week.
- » Mobile advertising is the most effective and efficient form of outdoor advertising.
- » Mobile flexibility allows you to position your vehicle ad anywhere you want.
- » Every traffic jam is a terrific marketing opportunity.
- » Mobile advertising media reaches consumers not exposed to newspaper, radio and television.
- » Unlike home mailers – your advertisements are not compared side-by-side to your competitors.
- » Reach audiences of all ages, gender, backgrounds, income, professionals, and families.
- » Wraps are significantly cheaper per impression than other forms of advertising, approximately four cents per thousand impressions.
